Texas Injury & Violence Prevention
CONFERENCE

Hosted by

June 20 – 22, 2012
Austin, Texas

Join us in beautiful Austin, Texas to learn from state and national experts on injury and violence prevention. This conference is focused on providing attendees with training on the Core Competencies for injury and violence prevention work at all levels. Whether you are building a coalition in your community, conducting an educational initiative, researching injury in your region, or advocating for policy change, this conference will offer valuable learning opportunities. Skill building workshops will focus on evidenced-informed strategies, data, resources, program planning and implementation, evaluation, and advocating for policy change.
