Page 1 of 2	REPLACES POLICY DATED: 10/2015 / 783-108
EFFECTIVE DATE: 10/2015	REFERENCE NUMBER: ALG-20

PURPOSE: To provide a framework for management of the patient with intracranial hypertension.

Management of the TBI patient with intracranial hypertension

These guidelines are designed for the general use of most critically ill trauma patients, but may need to be adapted to meet the special needs of a specific patient as determined by the patient's care giver.
