Texas Pediatric Readiness Education Series

The Texas Pediatric Readiness Improvement Project is a collaborative effort to improve pediatric outcomes and support rural trauma centers in meeting the proposed Texas trauma rules slated to become effective in September 2024.

Beginning in January 2024, 1-hour virtual sessions will highlight evidence-based practices and resources for adoption in the emergency department, review standardized simulation cases, and integrate opportunities to engage in pediatric quality improvement efforts.

Here's a snapshot of topics slated for the monthly series:

- Traumatic Brain Injury
- Non-Accidental Trauma
- Pediatric Assessment & Triage
- Newborn Resuscitation

Continuing education credit will be available for nurses and EMS personnel.

Texas EMS, Trauma and Acute Care Foundation is approved as a provider of nursing continuing professional development by Louisiana State Nurses Association Approver Unit, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.
